Dear Handball Friends !

1998 was probably the year with the greatest number of activities ever carried-out in European Handball. The European Handball Federation is very happy to look back at successful European Championships in Italy, Austria, Slovakia and the Netherlands. We have been working very hard to make our top events to an internationally recognized brand in the modern world of sports. The climax in every federation is its Ordinary Congress, which took place this year for the fourth time. Hosted and perfectly organized by the Hungarian Handball Federation in April 1998 this event resulted in very important and future orientated decisions for our sport.

Not only the top level club teams but also many „newcomers“ have made our European Cup Competitions once again an attractive and exciting product. There is no doubt that a new competition highlight came up with the European Championship for Club Teams in Silkeborg and Barcelona.

But find out yourself all facts and data by going through our this year's Annual Report. You will easily recognize that so many players, referees, delegates, officials and employees of both clubs and member federations have contributed enormously to the great success of the 1998 European Handball. We really want to thank them all for their cooperation and contributions in the past year and forward to them our best wishes for a great handball year 1999. Last but not least I would like to emphasize that without the support of our business and media partners handball would not have been that successful in 1998. Thank you so much !

By completing the construction of the new EHF House in Vienna in May 1998 a new meeting point and service centre for Handball in Europe has been created. The official opening took place on the occasion of the *1st EHF Conference of Presidents*, the first but certainly not the last event of this kind, which apparently showed that despite different interests we can rely on a close cooperation in European Handball. The basic agreement within our handball family to develop our sport in the best of ways has been renewed. Therefore our common motto for 1999 should be

Eurohandball - The Real Challenge

**Let's take it !
Let's think it!
Let's make it !**

4th Ordinary EHF Congress

April 3th - 4th, 1998
Budapest / HUN

Out of 46 EHF Member Federations 44 Federations were attending this Congress. There was a total of 167 participants in this 4th Ordinary EHF Congress. IHF President Erwin Lanc and COC-President Peter Mühlematter were present as guests as well as Secretary General Raymond Hahn. The EHF-partners CWL/K. Anders and Sport Court/R. Dougherty passed their contribution to the Congress, Sport Court presented the "official floor" for the 1998 Men's and Women's European Championships.

MOTIONS

20 motions were put forward by EHF and Member Federations (CYP/LUX, FIN, GER, LTU) and were dealt with. Beside other decisions on Statutes and Regulations also the following have been taken:

- The result of the Working Groups "European Championships in the Future" was presented and adopted
- From 2002 Men's and Women's ECh will be played with 16 teams. Starting in 2000 5 teams will qualify directly from one ECh to the next ECh.
- New qualification system with exactly harmonized playing schedules for both ECh and WCh. Advantage: Release of players for their National team is secured, Top National Teams have to play less matches.
- Playing date of Men's ECh in January is confirmed (starting in 2000).
- The planned buildup of a Referees Commission was supported by a majority, however did not reach the majority of 2/3 as necessary for a change of the statutes.
- Adoptions of the Arbitration Regulations.
- The official EHF-currency from January 1, 1998 (retroactive) is Austrian Shillings.

Following the speech of the EHF-President St. Holmqvist, the Congress adopted a resolution for fair sport and security, in which the Federations and the EHF have the duty to take all necessary measures in order to guarantee a proper carrying out of handball matches for players, officials, spectators and media representatives.

1st EHF Conference of Presidents

October 17th, 1998

Vienna / AUT

"What are the tasks of the EHF? What shall the EHF do?"

You can, of course, look for the answer in our bylaws and regulations, but you can better give a simple answer:

The EHF shall do, what its Member Federations want EHF to do!

The Member Federations are the most important part of the EHF. It is therefore very important to establish a good communication between them and EHF. This conference is meant to create a dialogue in this matter."

*St. Holmqvist

Women in Handball

In 1996 an EHF "Action Plan for Advancement of Women Officials" was presented to the Congress. Afterwards several activities followed such as women's education courses and nominations with the intention to encourage women's participation in all parts of Handball.

Measures in 1998

- Motions to the 1998 Congress included the representation of both genders in the EHF Committee and the extension of the EHF Committee to nine members.
- Continuous raising of the number of women participating in competitions by the nomination of *women referees and delegates*.
- Presence of Monika Flixeder (EHF Office) at the *European Conference on Women, Sport and Partnership* in Athens. This conference offered a lot of important aspects and topics with regard to the drawing up of the *EHF Action Plan 1999*. This plan, which was dealt with and decided by the EHF Executive Committee, concerns women's representation within the EHF and National federation bodies as well as women's promotion in general.
- The 1999 action plan was started by the nomination of the *EHF Working Group "Women in Handball"* and its meeting during the 1998 Women's European Championship / NED

1st EHF Youth Coaches' Course

June 27th - 28th, 1998
Partille / SWE

"Of course it is very important that EHF focuses on high level handball, but it is not less important that EHF also considers the various trends existing nowadays in the field of "youth training" to get into contact with each other in order to increase everyone's knowledge. This objective has perfectly been achieved during the 1st EHF Youth Coaches' Course organized on the occasion of the Partille Cup in Sweden. Participants of numerous nationalities, even non Europeans, had the possibility to attend this seminar which certainly results in the organization of similar ones in the future."

European Handball Fan

The European Handball Fan has been created in order to offer services to the handball-interested public in Europe and the entire world. Here the ordinary, not „federation-related“ handball friends shall have the chance to get information and access to handball publications.

The EHFan membership is offered in the Internet, because this medium can address a very broad international public. As a matter of fact Internet becomes more and more popular, and a great number of people can be reached.

In a global sense the EHFan membership could be a support concept for the search of an overall European identity –

„Help to build up a united Europe“.

The main idea is to become a member of the European Handball Family!

Transfer Procedure

Agreement between the player and the new club should be reached.

The player has to register for the new club.

Club requests the player's eligibility from its national federation.

Request for an International Transfer Certificate by the receiving federation to the releasing federation in writing. At the same time, a copy of the transfer request shall be mailed to EHF.

Payment of a transfer fee of ATS 10.000,-- each by the receiving federation/club to the releasing federation and to EHF.

Releasing federation informs the releasing club about the transfer request and responses within 30 days to the receiving federation. If a releasing federation does not answer within this period of time, the receiving federation presents a documentation of the request to EHF. After having checked the documentation EHF is entitled to issue the international transfer certificate.

Issue of the International Transfer Certificate by the releasing federation and delivery of a copy to EHF and the receiving federation.

Checking of the documents, recording of the transfer case in the EHF Players Database.

Confirmation by the EHF.

Delivery of the confirmed International Transfer Certificate to the receiving federation and the releasing federation by EHF.

Filing of the Certificate at EHF.

General Remarks

As a result of the political opening in Europe, there is a high number of players changing federations every season. In order to secure a serious and high-level administrative work as well as to secure the rights of all involved parties regarding transfer matters, EHF set up a special database for transfers. This database offers service, filing of all transfer cases and leads to a more efficient dealing with transfers.

New IHF Transfer Regulations, New EHF Transfer Procedure, New Transfer Certificate, New Request Form

Based on the experience of the last 3 years of day-to-day work in transfers, EHF put forward a motion for new IHF-Transfer regulations to the 1998 IHF-Congress in Ivory Coast. There were mainly three goals, which EHF wanted to reach with these new regulations:

- *A proper and correct carrying out of all transfers in Europe.*
- *A proper and correct carrying out of all club competitions.*
- *The best players of each country shall play in their national team.*

Based on the decision of the IHF-Congress, the Executive Committee of EHF approved the necessary adaptations of the „EHF-Rules of Procedure“ in the meeting of October 15, 1998.

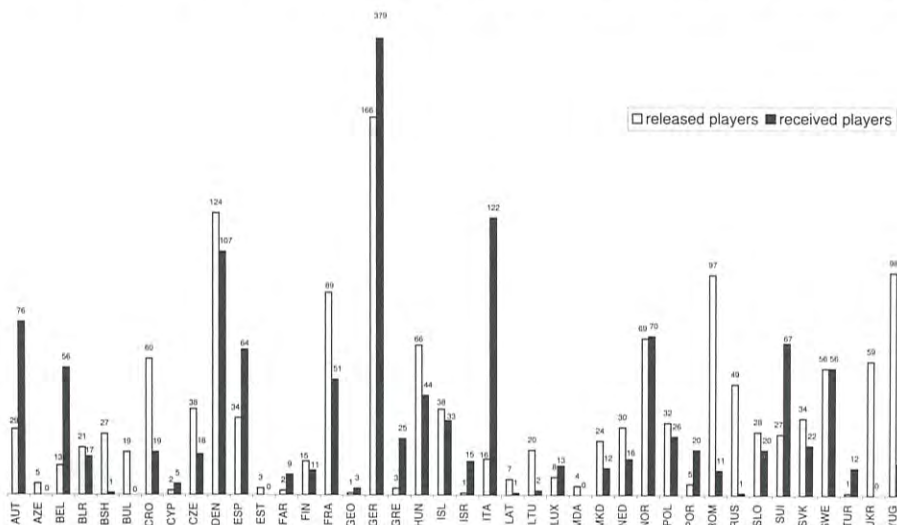

Due to the new IHF and EHF Transfer Regulations, EHF worked out an official form sheet to be used for requesting international transfer within Europe. In co-operation with IHF a new international transfer certificate was also created.

Referring to all new items concerning an international transfer, EHF produced and sent out the new EHF Transfer Guide to all partners of EHF in November 1998.

Statistics

From January 1st, 1998 until December 10th, 1998 EHF executed 1.418 international transfers of non-contract and contract players.

Conclusion

Dear Handball Friends,

1998 draws to its close—1999 is just around the corner!

Our daily work in 1998 was not only determined by handball events but also by the move to the new EHF Office House in Vienna.

This new “House of the European Handball” is not only a place of work offering to the EHF Office staff excellent working conditions, but it is also your house, the service address for all of you: representatives of the national federations or clubs, delegates or referees, media representatives or economic partners....

***Come and visit us! You are heartily welcome!
Or contact us via telephone, telefax, e-mail or internet!***

One of our objectives for 1999 is to build up a working structure in order to be able to offer you the best possible information. A modern technical equipment as well as our office staff are always at your disposal.

And once again our motto for 1999

***Let's take it!
Let's think it!
Let's make it!***

Thank you for your co-operation in 1998 and good luck for the year 1999!
